My dear Mr. Kuhles,

Many thanks for your perseverance in locating and examining the crash sites of World War II aircraft lost in the China-Burma-India Theater.

My brother, T. Sgt. W.C. Jones was the Flight Engineer on a C-87 Serial # 41-23791 lost in India on April 9, 1943. You located the crash site in 2006. We are grateful to you for finding it.

Mr. John Trowbridge, Kentucky National Guard Command Historian, visited with us July 14, 2011, and shared information you had provided. All these years we had wondered what happened to these brave men. It is a comfort to now know where they are.

Sincerely,
Anna Jones Etherington
